

**Botany Minor/BIS Emphasis. 2001-present.** Minimum of 19 credit hours required. Overall GPA of 2.00 in all courses used toward the minor.

<b>Required Courses</b> (12 Credit Hours)	semester planned	semester actual	grade	comments
Botany SI2104, Plant Form and Function (4)				
Botany SI2114, Evolutionary Survey of the Plant Kingdom (4)				
Botany DV2303, Ethnobotany (3)				
Botany 2600, Laboratory Safety (1)				
Botany Electives (7 credit hours minimum) from at least two <b>approved</b> courses numbered 3105-4750 or 4950	semester planned	semester actual	grade	comments

Botany LS1105 can substitute for Botany SI2104 + SI2114. An additional 3 credit hours in courses numbered 2121-4750 or 4950 are required.

Botany LS110 + 112 + 298 (7 semester hours) **or** Botany LS110 + 2920 (6.3 semester hours) can substitute for Botany SI2104 + SI2114.

Additional credit in upper division Botany Electives is required.

Chemistry 2600, Geoscience 2600, Microbiology 2600, or Physics 2600 can substitute for Botany 2600.

Botany 201 (2.7 semester hours), Botany 313 (2.7 semester hours), Botany 2013 (3), and Botany 3133 (3) are **not** equivalent to Botany DV2303. Botany 201, 313, 2013, or 3133 can be used to meet the Botany requirement for an ethnobotany class, however, none of these courses meets the university DV requirement.

All of the equivalent quarter courses can substitute for the semester courses listed. 1 quarter hour = 2/3 semester hour
